

# Center for the Advancement of Process Technology

## U.S. INDUSTRY ORDER FORM

Product development is subsidized by federal funding sources; thus, CAPT is able to offer products to U.S. entities at significantly reduced rates. If you are an industry or educational partner operating outside the U.S. OR educating non-U.S. citizens, you must obtain an international license from CAPT.

**1** Be sure all information is filled in properly. *Please allow 2-3 business days for course set-up.* Orders for web-based training include access to the training course modules as well as related quizzes and exam content. Your instructor is responsible for customizing any additional material and/or making any alterations to the course.

| <b>WEB-BASED COURSES</b>                                  |                         |                             |                                   |              |
|---|-------------------------|-----------------------------|-----------------------------------|--------------|
| <b>Title</b>  | <b>Number to Enroll</b> | <b>Price per Individual</b> | <b>Hosting Fee per Individual</b> | <b>TOTAL</b> |
| Introduction to Process Technology<br><i>(29 Modules)</i> |                         | \$75.00                     | \$25.00                           |              |
| Safety, Health, and Environment<br><i>(24 Modules)</i>    |                         | \$75.00                     | \$25.00                           |              |
| Equipment<br><i>(22 Modules)</i>                          |                         | \$75.00                     | \$25.00                           |              |
| Systems<br><i>(30 Modules)</i>                            |                         | \$75.00                     | \$25.00                           |              |
